3 Seek Mayors Post 29 Contest Election

St. Albert voters have a long list of candidates to pick from when they go to the polls October 13. Electors will be asked to elect a mayor, six councillors and five school trustees. Persons are eligible to vote if they are age 18 or over as of election day, have resided in the municipality for 12 months prior to the election, or are on the latest tax rolls. Polling hours are from 10 a.m. till 8 p.m. on Friday, October 8 from 4 p.m. - 8 p.m. and on Saturday, October 9, from 1 p.m. till 5 p.m. In the Council Chambers at the Town Hall.

A list of electors will be posted at the Town Hall beginning October 1. Residents are advised to check same and persons not listed can make arrangements at the Town Hall to be added to the list up until Tuesday, October 5.

Residents who are eligible to vote but who are not on the voters list may be sworn in on election day at the Town Hall only.

Patients at Sturgeon General Hospital can be sworn in at the hospital on October 13.

There are three candid-

ates seeking the office of mayor. They are:

Don Bull, electrical contractor and a resident of St. Albert since 1961;

Dick Fowler, manager, has lived in St. Albert 13 years;

Ray Gibson, chartered life underwriter, established residence in the town in 1963.

Seeking the six council seats are:

John Bakker, associate professor, resident of St. Albert since 1960;

John de Bruijn, comptroller, has lived in the town 11 years;

Armand Donalds, executive assistant, resident of the community for the past 11 years;

Ron Gaunce, teacher, has lived in St. Albert one year;

Bob Hudson, public relations, moved to St. Albert 10 years ago;

Rene Kambouroff, accountant, has been resident of the town since 1961;

Stan Kolomyjec, engineer, seven years residence in St. Albert;

Frank Lukay, engineer, has lived in the town nine years;

Alvin Morris, company executive, has lived in St. Albert since 1963;

Teresa Parsons, executive secretary, came to St. Albert six years ago;

Rod Thronsdon, school principal, has lived in St. Albert seven years.

Six candidates are running for office on the Catholic school board, five trustees are to be elected. Nominated are:

David Fraser, meteorologist, has lived in St. Albert 12 years;

Allan Gannon, teacher at NAIT, has been resident of the town for nine years;

Ernest Howrich, teacher, has lived in the municipality three years;

Don LaBelle, public relations, a resident of St. Albert for seven years;

Norman Lynch, purchasing agent, has been a resident of the town since 1965;

Sylvia Walsh, home maker and educator, has made her home here since 1967.

Seeking the five seats on the Protestant school board are:

Dr. William Cuts, physician, has lived in St. Albert since 1945;

Dave Davis, taxation officer, has lived here nine years;

Donald Munro, teacher, came to St. Albert eight years ago;

Bill Penrose, self employed business man, has lived here 12 years;

Charles Schroder, teacher at NAIT and engineer, has been a resident of the town nine years;

Alex Sollanach, manager printing firm, moved to St. Albert 12 years ago;

Ed Taylor, engineer, has been a resident of St. Albert for six years;

Gordon Unger, teacher, has lived in the municipality one year;

Jim Wiltshire, teacher at NAIT, and engineer, has been a resident of St. Albert for nine years.

Forest Lawn Replot gets green light

Council unanimously approved the resolution adopting the Forest Lawn replotting scheme, at their meeting September 20 having finally received all the necessary consents, so that the project can go forward immediately.

Following a discussion on establishing the price of River lot 53, (Roraph property) a motion that it be not less than 10¢ per square foot, with service connections extra, was carried 5 - 1. Under town policy any purchases would be subject to development, and land can not be purchased and held.

Councillor Lukay was concerned with the heavy

volume of truck grader and bus traffic using Bishop street, and hoped that the police could control it under the traffic bylaw dealing with heavy vehicle routes. After discussion on means of enforcing the bylaw, it was tabled until the next meeting by a 7 - 0 vote.

Steps were taken to provide for rezoning of 10 lots along the Sturgeon Road between Brandon and Burns street to single family residential, from residential comprehensive. Messrs. R. S. Olijnyk and his son were advised that they would be responsible for public hearing costs, subdivision costs, the required dedication of

land along the river front, and frontage charges.

A committee resolution was passed by council, accepting recommendations of the Stanley Associates interim sewage study, to get preliminary measures underway. Councillor Lukay disagreed, stating his opinion that a completed Phase 1 study should be received before any action what ever was undertaken by council.

A proposal from the Oblate Fathers, regarding the construction of McKenney Avenue through their lands, had been reviewed in committee. The detailed proposal was submitted by the Oblate's solicitors and covered all aspects of zoning, land exchange, subdivision, public reserve, restoration of land adjacent to the right of way, and charges attributable to the Oblate lands. In the event that consideration of the entire plan would take too long, the Oblates were agreeable to granting the town easement for the avenue, providing certain conditions were met. Council adopted committee's recommendation that the latter course be taken.

Open House at Fire Hall, Oct. 3-9

October 3 - 9 is Fire Prevention Week, and to better acquaint the public with ways by which to prevent fires in the home, the St. Albert fire department is again conducting home inspections. In addition, the department is holding an Open House at the fire hall, October 3 - 9. The public is invited to drop in anytime and look over the equipment and displays.

Fire Chief Fred Tetarenko says many fires are caused by carelessness and can be prevented. Asked to list the most common fire hazards in the home, Mr. Tetarenko cited the following:

1. Combustibles stored under open stairways and too near the heating appliances.
2. Electrical cords in poor condition and overloaded circuits.
3. Careless smoking.
4. Under fire prevention

bylaw 5/66 no gasoline to be stored in a home.

For information in regard to fire prevention call 599-7021. In case of fire dial 599-7777.

Walker retiring after 22 years

STAN WALKER

Mr. Stan Walker of Calahoo will not seek re-election in the coming November elections for Municipal District of Sturgeon #90. Mr. Walker has served 22 years as Councillor for Division Four, 12 of them as Reeve of the municipality.

In making the announcement Monday, Mr. Walker wished to extend to all the people of Division Four, his sincere thanks for their loyalty and support over his many years in public office.

Walk-a-thon for Oct. 2

The Lions Club is again inviting youngsters to participate in the Lions Walk-a-thon, which will be held Saturday, Oct. 2.

Route maps for the 10 mile circuit will be available at the starting point at Lions Park. The event gets underway at 8 a.m.

The Edmonton Radio Communications Service will be on hand to assist in keeping things moving.

The Lions are offering two prizes. To the school that turns in the largest

amount of money, based upon the student enrollment, a plaque and \$50 will be given.

A small trophy and \$25 will be awarded to the student who collects the largest amount in pledges.

Sponsor sheets are available at all local schools and participants are asked to deposit their pledges at the Bank of Montreal as soon as they have been collected.

All proceeds go to the various Lions community projects.

The very active St. Albert CWL were at it again last Saturday when the ladies held a most successful rummage sale at the parish hall. Proceeds go to CWL charities.

Letters to the Editor

Fowler replies

The Editor:

Questions put publicly demand public answers and I am pleased to offer the following in reply to a letter from Mr. Ken Fehl published in the Gazette last week.

You are misinformed on a number of counts, Mr. Fehl, and I will answer your letter point by point.

1. YES! My wife, Vera, and I have six children.

2. YES! I am the manager (and owner) of an engineering sales firm (in Edmonton).

3. YES! I am at this date a member of the Sturgeon General Hospital Board. HOWEVER, my term expires next month and my place has already been filled by Mrs. Angela Sountag who went in by acclamation on nomination day, September 15.

I served approximately five years on this board during its planning, construction and its first year as an operating hospital.

4. YES! I have been appointed to the Governing Authority of Athabasca University and bring to that board a businessman's viewpoint as well as an adult student's viewpoint.

5. YES! I do attend the University of Alberta and your assumption is also correct -- as a student. My classroom time is 15 hours a week -- the same as last year.

6. YES! I was Mayor of St. Albert in 1965 - 66 - 67 - 68. Prior to that I was a councillor from 1963.

7. NO! The town was not threatened by lawsuits in 1968. The summer of 1968 saw the successful conclusion of two major lawsuits. A two-man committee -- Councillor John de Bruijs and myself -- had labored through hundreds of hours with our lawyers and the plaintiffs to conclude these actions in June and July of 1968. One action was concluded with an out-of-court settlement to the extreme financial benefit of the town and the second action was discontinued at our persuasion.

8. To tell you why I have decided to run now would be repeating myself as I have already been speaking about my commitments in the form of another column in this

paper, paid advertising and letters to the electorate. Just let me say my decision was based on the simple fact that I CARE -- about the long range planning of our town, about the lack of communication between Town Hall and the residents, about the lack of a garbage dump,

Continued on page 7

Industrial Development

The Editor:

I am in favor of light industrial development in St. Albert BUT it is realistic for Mr. Gaunce to assume that the provincial government will provide totally for costs of servicing to industrial plants?

Will there still not be an increase of taxes for the home owners of St. Albert if light industry is brought here?

Shirley Geiger.

School fees questioned

The Editor:

Yes, we are a small community with growing pains. Does it have to hurt so much?

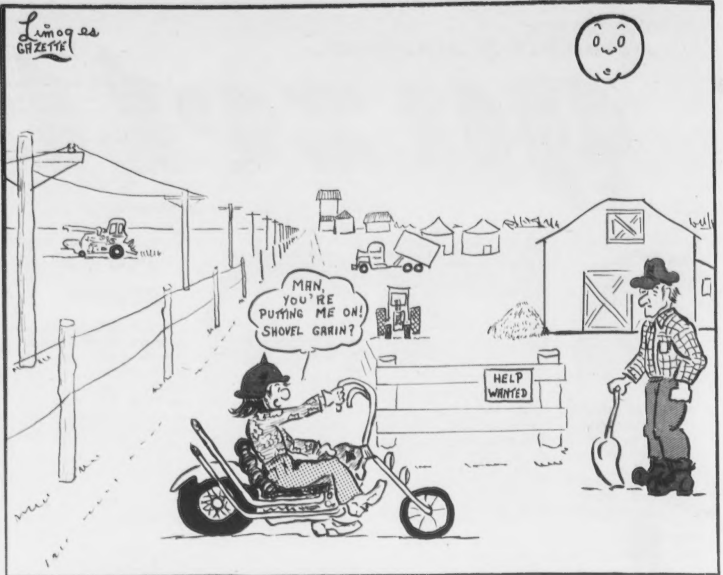

They tell me things are probably going to get worse before they get better! They say this is the price we pay to live in a small, quiet community.

Our children have to have an education whether we are rich or poor. Our taxes are higher here than in the city (also utilities, which could be another letter), included in these taxes that we pay each month/yearly, are school taxes which go to the appropriate school board. We also get support from the government.

September rolls around, the children go to school and come home with a paper for "Book Rentals;" also they come home with a list from each teacher asking for other items, binders, refills, scrap books, etc.

One teacher, for art alone, wanted them to have wax crayons, pencil crayons, water colors and oil pastels. Did she forget about oil paints? At these levels, one or two mediums of art

Separate School Briefs

The enrolment report indicates as of Sept. 20, there are 2,603 students attending classes in St. Albert Protestant schools. The pupil-teacher ratio is 19.5. Commenting on the figures, chairman Charles Schroder said there are now more students enrolled than had been estimated. "This is good news," he said.

Trustees received a letter from the Inspection Service Branch, department of the attorney general, indicating that school buses to Paul Kane had been found to be over crowded. The bus company has offered to put on extra runs, to the tune of

\$20 per day additional costs. This matter was tabled for further report. Trustee Dave Davis suggested the district look into the feasibility of purchasing its own buses. The present contract with Western Bus Lines still has two years to go.

Trustee Dr. Wm. Cuts expressed his displeasure at certain remarks made at a joint meeting of the Edmonton and St. Albert Chamber of Commerce, Dr. Cuts informed trustees that the

guest speaker at the luncheon meeting, held Sept. 22, had discussed a development proposal for the area between the present town limits and Athabasca University. The speaker had indicated that the proposals had the blessings of the school board, and this is what irked Dr. Cuts. "The whole thing is a fairy-tale," he said. "They never ap-

proached this board."

Trustee Jim Wiltshire suggested the board invite all candidates seeking office on the protestant school board in the October 13 election to attend a meeting of the board. Mr. Schroder commented: "If they are interested, I guess they know where the district office is." The next meeting of the

St. Albert library returns to Story hour

Local five year olds will be happy to know that the Bookworms Story Hour is returning to the St. Albert library on Tuesday mornings from 10 - 11, starting Oct. 5.

Joyce Stedelbauer will again lead the program of stories and art, designed especially for the five year old who does not attend kindergarten. At the end of the morning youngsters are encouraged to pick a book which they may take home for the week.

Mrs. Stedelbauer stresses that the library is not open to the public during the story hour and anyone not five years of age cannot stay and listen . . . and that includes mothers, too!

The response to last year's program was excellent, Mrs. Stedelbauer said. Fifty children were registered and this was found to be too many. This year the group will be limited to 25 and after Christ-

mas 25 new registrations will be taken.

Mothers are asked to accompany their children on Oct. 5 for registration only. There is no membership fee for the Bookworms Story Hour.

Council candidates express their views

John Bakker

When first elected in 1964 I started to work on giving St. Albert a better image. My efforts dealt with briefs about a university, administrative reorganization, getting a council that would concentrate on policies; and working towards such facilities as the swimming pool, arts centre, library and the like. As chairman of public works I also tried to make new residential areas self supporting with devices such as off-site cost charges, minimum assessment and better development agreements.

St. Albert was planned (by the Edmonton Regional Planning Commission) to grow to 35,000 by the year 1980, or a growth of 1,600 per year. Being dependent on the Edmonton area, expansion varies year by year. If we want to keep taxes under control and add amenities, we will need a planned growth.

For the immediate future St. Albert is in need of the following:

1. A traffic and transit plan (river crossing further west, good transit, better access to neighbourhoods).
2. A very firm attitude to maintain and enhance the natural beauty of St. Albert as this is repeatedly attacked by developers (boulevards, trees, standards).

3. A different sewage disposal system.
4. A down to the roots investigation of the causes of vandalism in St. Albert (Lions Park).
5. More information and participation in civic affairs. There is lots more to work on, but I cannot do it unless I have your support and your vote. Thank you.

John deBruijn

As a candidate for Council I offer eight years of experience on the St. Albert Town Council and six years as vice-chairman of the Sturgeon General Hospital Board.

My family and I have been residents of St. Albert since March 1, 1960. I am employed as comptroller of Mitchell and Associates Ltd., Oil and Gas Consultants, I am an Accredited Public Accountant.

If elected I will work for and support:

1. Relocation of the sewerage lagoons.
2. Development of a major recreation area.
3. Improved mosquito control.
4. Continued orderly development.
5. A common sense approach to problem solving.
6. Acquisition of additional parkland along the

Sturgeon River and in other areas of the town.

7. Appointment of a parks board.

8. Relocation of the Town Public Works Yard.

9. Improved public relations among the elected bodies, the town staff and the electorate.

I will oppose annexation by, or amalgamation with, Edmonton.

I have worked for the best interests of the Town since first elected to council in June of 1962. In requesting your support and vote on October 13, I sincerely pledge my continued best efforts on your behalf.

Thanks to the Gazette for the opportunity of placing this article before the electors.

In closing, please remember, it is a privilege to vote, take advantage of it.

Armand Donais

In 1969, after spending over four years on Town Council, I chose not to let my name stand for a third term, because of pressing employment obligations, which had sharply curtailed my ability to contribute the time and effort required to be an effective Councillor.

My present position as Executive Assistant to the President of a land development and house building corporation will allow me to again devote the necessary endeavor needed in this regard.

As your elected representative, I shall strongly advocate that your new Council gives immediate consideration to the following:

1. Formulate a plan to phase out the present inadequate sewer lagoon system.
2. Actively encourage Industrial/Commercial local placement to help alleviate

our large residential tax base.

3. Closely analyse all Town departmental and staff responsibilities to eliminate overloads and consequential inefficiencies.

4. Emphatically resist additional annexation of surrounding lands, which would enlarge present town boundaries and drastically increase the town's administrative costs.

5. Re-establish Finance and Public Works Committees to encourage specialization, hence efficiency, and eliminate present unwieldy "Committees of the Whole Council" deliberations.

6. Reject unconditionally all proposals to establish a full time Mayor for St. Albert.

7. More extensive representation to, and participation in the Alberta Urban Municipalities Association, which has been the only effectively acceptable municipal voice considered by the provincial government.

In the final analysis, I assure you of one thing: STRONG, UNBIASED and POSITIVE representation, and urgently solicit your support on this basis.

Ron Gounce

My request for your vote in the forthcoming elections is based on the mounting concern for the way in which several recent issues have been handled by Town Council. Predominant in this was the Council vote which denied the privilege to women in our community to serve on the local Police Commission.

During the past few weeks, while actively campaigning for a seat on Council, I have come to the conclusion that the next three year term will place considerable demands on all Councillors and in many of these issues there is a need for a change

of thinking and policy making which is within the role of the Town Council.

Basically these issues are:

*Development of light industry in St. Albert.

*Development of the river valley for recreational use and park land.

*Development of our Human Resources through existing social service agencies.

*Amalgamation with Edmonton to be decided by plebiscite.

*Investigate the possibility of change from the present administration to a Town Manager system.

*Increase police surveillance to off-set increasing vandalism.

These are a few of the issues that must be faced. We live in a democratic society which works best when we have an informed public. Consequently, should you have any questions on my statements or on my candidacy for Town Councillor, I would appreciate your calling me at 599-8936.

Bob Hudson

My name is Bob Hudson, I am 34 years old. My wife, Pat, and I have lived in St. Albert for 10 years, and our two children were born here. I have decided to seek re-election to Town Council as I have found my first term (elected October 1970) stimulating and enjoyable. I ask you for another term and in return promise you dedicated honest effort if elected.

This election is very important to all who reside in St. Albert as we are on the threshold of an era which will involve vast potential. In the past year, your council received numerous presentations from developers, large and small, which is evident by the number of residential and commercial projects undertaken.

This poses the question, "How large do we want St. Albert? Twenty, Thirty, Fifty, Seventy Thousand? Or perhaps we stop everything and build a wall around the Town?" St. Albert's doors were involuntarily closed a few years ago when the position of the town was sufficiently shaky to scare off potential developers and money lenders. These people now have confidence in the Town and this confidence will result in a light industrial and commercial tax dollar we have sought for so long; and, tax relief to the home owner who has carried the bulk of the load far too long.

The Athabasca University will be a factor in our growth and economic potential. I think that growth may be necessary, but should not be an evil. For example, a new sewage and water system we must install could be paid for by new developers, and not you and I. Well planned growth could accomplish a lot for the town and still leave us our identity, clean air and safe streets.

In closing, some of my objectives if re-elected would be to fight annexation, to establish regular contact and good working relationships with the MD of Sturgeon and the new Provincial Government, to have traffic controls installed on the highway and to encourage well planned expansion.

I ask for your support on October 13. Thank you.

Rene Kambouroff

When elected in 1968 I promised to strive to prevent developers tying up

town owned land. I kept working to this end, and today we have a policy under which land cannot be held for more than 90 days.

I was opposed to amalgamation in 1968, and I still am. I worked towards closer co-operation between St. Albert council, the MD of Sturgeon council and Provincial Government. Some progress has been made, but I believe much more can be accomplished.

If re-elected I would press for development of the downtown area, as the core of St. Albert. I would continue to work for the establishment of an industrial park and a recreational park.

The town is presently being developed in an orderly fashion in my opinion, and I am committed to keeping it so. In this regard I believe that the town should have a goal as to size, and should not annex land beyond that size, and to the whims of developers.

Consistently I have opposed condominium development in St. Albert, as I believe unit costs are too high.

As a successful businessman, living and working in St. Albert I am readily available to serve you. If you believe I have served you well, I am fully prepared

to act in your interests over the next three years, and ask for your vote on October 13. — You have a wide choice for representation. Consider your choice carefully and please get out and vote.

Stan Kolomyjec

This is not an election without issues. I consider the "preservation of our life style" the single most important issue ever to face our town. The development decisions made in the next three years will set the tone for our future.

I consider it essential that a "development plan" based on a limited growth concept, be prepared and publicized, so that every resident will know where, when and how we are going to develop. Geared to this development should be a planned recreational expansion program. I propose that a "recreational development" fund be established. Every resident would contribute to this specific fund, excepting pensioners. If, for example, each family contributed one dollar monthly, this fund would grow by approximately twenty six hundred dollars per month.

We need a "recreation-

al and social complex" which would provide a focal point for our community. A complex which would satisfy all forms of recreational activities, i.e. basketball, volleyball, handball, badminton, tennis, shooting, curling, etc.

A complex which would provide office space and meeting rooms for our service clubs, dancing clubs, hockey organization, baseball, cubs, scouts, brownies girl guides etc.

Are these important issues?

Then cast a vote for your future.

Frank Lukay

As I sincerely wish to serve the people of St. Albert, I am, once again, seeking re-election for the position of Town Councillor.

My wife, Louise, our three children and I have resided in the Town of St. Albert since 1962. My personal background is as follows: I am a Professional Engineer, B.Sc., U of A 1956 and M. Sc., U of A 1960 with Structural Engineering degree. Upon graduation in 1956 I was employed by Dupont of Canada in Montreal, an Engineering Consulting Firm in Calgary and Edmonton, and since 1963

have been an instructor at NAIT.

As Councillor since 1968, I have had the opportunity to contribute significantly in council decisions, most of which were very good for the Town. At all times I strived to be informed of the facts and attempted to decide the best for the residents of St. Albert. In my two terms as Councillor, I did not miss a council or committee meeting except when on holidays.

As in the past, my pledge to the people of St. Albert is a responsible civic government.

The 1972 Buicks: cars for people with something better in mind.

The 1972 Buicks have a great deal in common with every Buick built in the past 69 years. Call it engineering integrity, a preoccupation with excellence. Over the years it's made Buick a car to admire. If you have something better in mind this year, visit your Buick dealer and see his 1972 models. They're something to believe in.

Skylark The Buick that makes it possible for younger families to move up to a Buick much sooner. It has a standard 350-cubic-inch V8 and interior luxury that's traditional with Buick. Priced to turn Buick lovers into Buick owners.

Electra 225 Try to imagine a living room in motion... quiet, controlled, effortless motion. The ultimate in 1972 Buick luxury.

Centurion A clean, personal car with spirited styling and a 455-cubic-inch V8. Its stability comes from AccuDrive, that helps take bumpy roads and tight curves with ease.

Some of the equipment illustrated or described is optional at extra cost.

eriment capable of providing the residents with quality services in the most efficient manner possible. As to growth, and to annexation of adjacent lands, the following are my views: - I do not oppose growth or wish to deny anyone the opportunity to make St. Albert his home. However, until it can be established that such annexation will not impose undue financial and social burdens on the present and future residents of St. Albert, I will oppose same. I wish to express my gratitude to the St. Albert Gazette for allowing me this space.

Alvin Morris

My family and I came to St. Albert in 1963, we like living here and plan to stay here for many years. "Living" in a town carries with it the responsibility of being prepared to take an active part in its growth and development.

During the past eight years I have served two years on the board of the Creative School Society and four years on the board of the St. Albert Arts and Crafts Guild. I hold the position of vice president and general manager of a growing Edmonton company doing business in the three Western provinces and the North West Territories. I am a registered member of the Society of Industrial Accountants and have served on the Provincial Council of that body.

I have now entered my name for your consideration for a seat on Council and support -

1. A CONTROLLED, PLANNED and GRADUAL growth of the town of St. Albert.

2. An end to the erosion of parkland and further development of existing parks and recreational facilities.

3. Open discussion of town affairs and two-way communications between council, the school boards and the residents of the town.

I am opposed to amalgamation with the City of Edmonton.

I SEEK YOUR SUPPORT ON OCTOBER 13th.

THANK-YOU

Paper Hanging & Vinyl a Specialty.

Teresa Parsons

My name is Teresa Parsons, wife, mother of five (19 1/2 to 13), businesswoman, and writer. Some words I once read describe so clearly why I want to be on Council that I shall quote them - "My interest is in the future because I am going to spend the rest of my life in it."

St. Albert has a great future and planning it will be an exciting challenge - I want to take part in that planning;

*In the establishment of an industrial park;

*In the action which must take place against pollution;

*In speaking out strongly against amalgamation (what a lot we would have to lose if this became reality);

*In ensuring that all future residential development has proportionate recreation facilities;

*In ensuring that education facilities keep pace with our expanding population;

So many major decisions have to be made and I believe my experience at administration level with Edmonton General Hospital and, formerly, with British Waterways Board will stand me in good stead in voting on these decisions in the best interests of St. Albert residents. Experience I have gained with Family Service Association also has given me an insight into the social needs of a community such as ours.

With the above points in mind, I ask you to elect me as one of your Council representatives on October 13.

Rod Thordson

My family and I have resided in St. Albert for seven years. During this time my active involvement in the community has given me an interest and an awareness of some of the needs of the St. Albert residents. The following platform is based on these needs:

*Preservation and beautification of the Sturgeon River Valley. Our river valley must not be ruined by housing developments.

*Promotion of safe and efficient access to the St. Albert Trail. Many residents of St. Albert waste time and are forced to take unnecessary risks while attempting to enter the St. Albert Trail.

*Planned development of all land in St. Albert so that residents and developers know in advance the projected zoning of surrounding areas. Proper advanced planning should prevent continuous rezoning.

*Expansion of recreational facilities for youth undertaken with the assistance of service clubs and other interested parties. A committee consisting of representatives from service clubs, sports organizations, and other interested groups should be established to advise the Town Council in the planning and financing of recreational facilities.

*Provision of adequate water, sewer, and garbage services for existing needs and future development. Our present services must be immediately improved and extended.

*Improvement of communication so that problems of residents can be solved more efficiently. Communication between residents and the Town Council can be improved through the establishment of Citizen Advisory Committees.

*Encouragement of light industry to provide a broader tax base. Light industry will come to a town that offers a suitable economic climate and an active program of encouragement.

If elected, I promise to work toward these objectives.

"Since I bought my new car I don't have to walk to the bank to make my deposits."

"Oh, you drive, I suppose."

"No, I don't make any deposits."

400

339 CC 28 HP

The new Model 400 Snowmobile is a high-performance machine priced within the reach of every snowmobiler's budget. It is powered by a twin-cylinder 339 cc Canadian Curtiss-Wright engine rated at 28 horsepower and runs on a 15-inch track. Like the higher powered 500 the 400 handles beautifully in all types of snow and on all types of terrain. In fact, the response of the 400 to the operator's commands is superior to other makes. And power train, suspension system and track have been engineered to provide outstanding performance and durability.

500

436 CC 36 HP

The new Model 500 is a get-up-and-go snowmobile engineered for the sports-minded snowmobiler who wants plenty of power and maneuverability. It's powered by a racy 436 cc twin-cylinder Canadian Curtiss-Wright engine that develops 36 horsepower. Like the 400, the 500 rides on a stable 15-inch track and provides the operator with plenty of maneuverability. Both the 400 and 500 combine head-turning styling with outstanding performance. The result is a snowmobile that runs every bit as good as it looks.

Mayorality Candidates

Richard Fowler

I am unalterably opposed to any attempt at establishing the office of Mayor as a full-time job with a full-time salary. To consider this necessary in St. Albert would be ludicrous. Before I would favor the establishment of the Mayorality as a full-time position, I would likely favor the appointment of a Town Manager, whose tenure of office and purely professional approach and training would be far more beneficial to the town.

No attempt would be made or supported by myself to increase the mayor's salary beyond the already established cost-of-living increase. If indeed the salary demanded full-time attendance in the mayor's office, it would not be possible for me to allow my name to stand. While I am prepared and in a position to relinquish the management of my company if necessary, it is not possible for me, nor practical, to drop every commitment I have in every other area of my non-political life.

While form of government, full-time mayor or salary are not necessarily issues in this election, I believe our electorate is entitled to know the candidates' stand on these points.

The issues as I see them are:

1. The future of our town.
 2. Planning for recreation and municipal services.
 3. Communication between Town Hall and the electorate.
 4. Encouragement to women to fulfil a greater role in our democratic system.
 5. Highway traffic safety.
 6. Bus service.
 7. Consumer Service Complaint Department.
 8. Total opposition to annexation by Edmonton.
- If you share these concerns and believe in my ability to copy with them on

your behalf, I humbly and sincerely ask your support at the polls on October 13 for the office of Mayor.

Ray Gibbon

When I first moved to St. Albert I felt we had an opportunity to build a community unique in Alberta. A community where people could enjoy a friendly life style close to a large city. St. Albert's history is the cradle of Alberta culture. The town must be preserved as a separate entity.

Residents of St. Albert have shown a willingness to work for the kind of town they want. Volunteers have always stepped forward to create new facilities and carry on the old, in both cultural and recreational activities.

Because of my interest in civic affairs I felt I could make my biggest contribution by entering my name for council, and was elected in 1965.

I also believe there is a moral obligation to the businessmen who established in the downtown area many years ago and have suffered through the growing pains of the past 10 years. Total development of the downtown is a must prior to development of other major shopping centres. Small neighborhood centres are also being planned.

Through the Alberta Urban Municipalities Association, legislation changes are taking place favoring municipalities. As an executive member of the AUMA I have accepted membership on eight committees to be sure St. Albert's special circumstances will be made known.

The maximum size of our town has been under study by council. It cannot be established until determination

of costs for sewage and water facilities. Policy has been set over the past three years to regulate development.

During my six years in office I have made a serious study of legislation relating to municipalities and feel confident of my ability to interpret existing and formulate new legislation for presentation to government.

I would welcome the privilege of serving as your mayor for the challenging three years ahead.

The fifteen percenters

Steinberg's Ltd., one of the largest and fastest growing food retailers in Canada, is the 15th -- and last -- in The Financial Post's exclusive series of Canadian investments made by J.W. Court-right, investment analyst with Burns Bros. and Denton Ltd., Toronto. He says: "Steinberg's earnings reached a record high of \$1.34 per share in the year ended July, 1970, first full year of discounting. After estimated \$1.08 this year (due to the food store price war) earnings are expected to rise to \$1.50 in year ended July, 1972. Beyond this recovery year, earnings growth is foreseen at between 12 per cent - 16 per cent per annum. Shares offer participation in an aggressive and expanding food and department store merchandiser, with a strong real estate arm."

"WALK DON'T TALK"

St. Albert hosts Guide Commissioners

The newest area in the Alberta Girl Guide movement is off to an excellent start following the Guide Commissioners Training session hosted by St. Albert in the Star of the North Retreat House over the weekend. The "Tamarac" Area was formed in August this year with boundaries extending from St. Albert north to Slave Lake, west to Stony Plain and east to Smoky Lake.

Thirty-six Commissioners attended from the Area, and were delighted to have Alberta's Provincial Commissioner, Mrs. Mary Beatty of Red Deer as their special guest. The program was well planned to assist the commissioners in their variety of duties working with girls in guiding.

Mr. Fred Lawson and Mr. Dave Posey of the Toastmasters International, from Edmonton, gave a most interesting and informative talk on Public Speaking and Parliamentary Procedures. Mrs. L. S. Hand, Provincial Camp Commissioner, spoke to the group on all aspects of camping. Canada's only delegate to the 1971 International Trainers' Conference in Australia, Mrs. Birgith Heidegaard of Edmon-

ton, showed slides of her trip and made the group most effectively aware of the international aspect of guiding.

The "Exceptional Child" was another topic, and well covered by Mrs. Helen

Madill, who is a lecturer at the University of Alberta and is currently working in Drama with Hearing Handicapped Children. Dr. Joan Harper, Provincial Training Commissioner, spoke on the

Morinville lacks Scout Leader

Alphonse Nobert, chairman of the group committee, said a registration meeting for cubs and scouts, held in Morinville last week, saw quite a decrease in membership. Just 19 cubs and two scouts registered.

The younger boys have a

leader and are ready to start their program, but the scouts, for boys 11-14, have as yet no leader and more boys are needed or the group will fold, Mr. Nobert said.

Any boys wishing to join are asked to contact anyone

involved with scouts in the town.

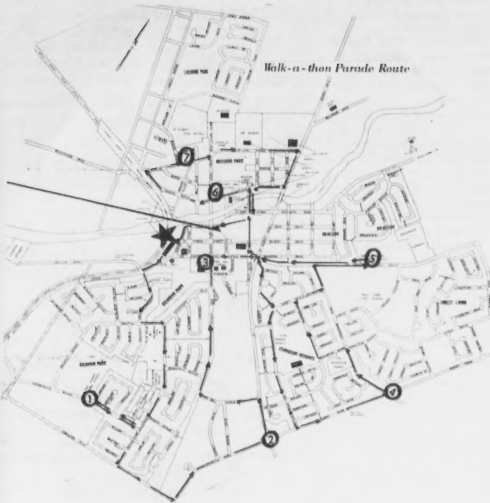

The group committee, composed of leaders and lay people, will hold a meeting in the Morinville library, Monday, October 4 at 8 p.m.

Year of grace for farmers

Saskatchewan implement dealers have reacted sharply to a bill introduced by the new Saskatchewan NDP government that would give farmers one year of grace during which their machinery, land or livestock could not be seized for nonpayment of debts. Under the legislation, a creditor who wanted to take action to retrieve machinery, land or livestock because a farmer did not pay would have to obtain a court order before he could launch an action or proceeding to seize the

goods. The onus would be on the creditor to prove to the court that the farmer could afford to pay. Because of that provision, the court would have the right to investigate fully the farmer's entire operation to determine his earning capacity,

income and assets. The legislation would apply to all credit purchases made prior to July 31 of this year. Neither the principal nor the interest would have to be paid until July 31, 1972, unless the creditor was able to obtain a court order.

Terry Woytkiw heads students union

By Rose Martel

Terry Woytkiw, grade 12 student, son of Mr. and Mrs. Nick Woytkiw of Morinville, was elected president of the Georges P. Vanier Senior Students Union at class elections held last week.

Vice-president is Sherry Kryskow; secretary, Dianne

Martel; treasurer, David Orbeck; chairman of the sports committee, Terry Maslyk.

Classroom representatives are: Grade 12 - Rene

Leduc; Grade 11A - Celine Beland; Grade 11B - Brian Telford; 10A - Carol Woytkiw; 10B - Denis Pelletier.

Election committee members were David Orbeck, Marcel Tourangeau and Rene Leduc. Faculty Advisor: Mr. Paul Chalfoux.

"You can talk about bald heads all you want," said the baldheaded man, defensively, "but there's one thing you've got to admit - I'm always the first to know when it starts raining."

M. D. of Sturgeon Leasing of Park Reserve

The Council of this Municipality is considering leasing the Park Reserves located in the Crozier Subdivision, namely in P.T.E. 30-54-24-4.

Persons affected and opposing such action are requested to submit in writing their objections to the undersigned on or prior to October 13, 1971.

Objections will be submitted to Council at the meeting to be held on October 14, 1971 at 2:00 p.m. in the Council Chambers M. D. Office, Morinville.

Alphonse Nobert, Secretary-Treasurer.

VILLAGE OF GIBBONS PUBLIC NOTICE

Notice is hereby given that the Village of Gibbons will file an application to the Provincial Planning Board for permission to Rezone Lot R, in Block 10, Plan 1894RS from reserve land to Commercial zoning for Commercial use. (Section 26, 2, Provincial Planning Act).

Any adjacent resident or persons having objection to the above rezoning plans shall file such objection to the Village Secretary in the Village of Gibbons before October 12, 1971. A hearing will be held in the Village Office on Thursday, October 14, to review objections received if any.

Dated this 27th day of September, 1971.

Earl J. Yeo, Secretary.

The 7 ways we're tougher.

1. Our truck one year and fully warranted in a brand of tough "volvo" rubber.
2. Our sprayer has no problems with application of material. And because our engine has more power to pull, less engine stress.
3. Our built-in hand where you're working at stress points.
4. Safety. We have a safety device that stops on every model, rear view mirror, powerful light, and a reflector and reflecting tape.
5. Our steering. And we've got a 75 watt magneto that makes you're powerful lighting at all times.
6. Our emergency. And we've got a 75 watt magneto that makes you're powerful lighting at all times.
7. Our suspension. It's stronger than any other. And we've got a 75 watt magneto that makes you're powerful lighting at all times.

Letters to the Editor

Continued from Page two

about a certain segment of our town being made to feel like intruders, about traffic signals and bus service. In general, Mr. Fehr, I CARE ABOUT PEOPLE, and our quality of life.

9. NO! The mayor's salary has not enticed me back, Mr. Fehr. As a matter of fact I drew that salary for the last term Isat as Mayor. It did not come into existence with the incumbent. It was passed by the electorate in October of 1966.

10. NO! And this point I consider most important of all. The residents of St.

Albert most certainly do not owe me anything. On the contrary, I feel I owe St. Albert a great deal. We have lived here happily for 13 years and I attempt to place back into society that which it gives me -- by community service, by public service and by caring for my fellow man.

11. NO! I have never pretended that I have a formula to create more hours. All of us have the same number of hours in each day -- and all of us have a limited number of days. What we do with these limited days is a mat-

ter of personal choice. I choose to fill mine with activity. Many kinds of activity -- swimming meets with my children, watching my boys play hockey and soccer, many summer camping trips with the whole family, working at my job, community and public service and studying. Let's just say, Mr. Fehr, "It keeps me out of the poolroom."

Thank you, Mr. Editor, for the opportunity of this public reply.

Richard Fowler.

NAMAO NEWS

The rain did not dampen the spirits of Namao area gymkhana fans as a good number turned out last Sunday to watch the final event of the year. The group is having its wind-up in the form of a pot-luck supper, to be held at the Namao Hall, on Wednesday, Oct. 6, beginning at 6 p.m. The group will get organized for next year's activities that evening as well and all are invited to attend.

Jean Monaghan is organizing a "Mothers-take-a-break" program for mothers and pre-schoolers, consisting of keep-fit, crafts and discussions. Interested ladies are invited to give Jean a call at 799-5596 or come to the organizational meeting at the Namao school on Monday, October 4 at 8 p.m.

Norma Paul and her group are working hard towards improving the playground equipment at the school. The ladies, and the youngsters who will benefit from their efforts, would appreciate donations of money, materials or male labor. If you can lend a hand, call Norma at 799-5678.

Linda Nelsen, daughter of Mr. and Mrs. Jack Nelsen left Sept. 13 by air for London, England. Linda, who was crowned Scandinavian Queen last spring, is touring the Scandinavian countries. She will be visiting her father's family in Sweden as well.

The Namao United Church is sponsoring a Sunday group for young people 15 years of age and older. An interesting program is planned with lots of fun and activities. The group meets at the Namao school at 11:30 a.m.

The Namao School and Community League are sponsoring a cash bingo at the community hall on Friday, October 8, starting at 8 p.m. All are welcome.

selection and training of new
guiders. Finances, cere-

monials, public relations
and campfire activities were
some of the other subjects
covered.

Although the schedule was

heavy, the commissioners
enjoyed the program and felt
they had gained much, both
in information and in new
friendships. Accommodations
and meals were provided by
the Retreat House, which
proved an ideal place to hold
the two-day session. Marion
Brostrom is the Tamarac Area
Commissioner, Mary O'Neill is
Deputy Commissioner, Anne
Marie Venne treasurer and
Pauline Vaugeois area secretary,
all of St. Albert.

The four Division Commissioners
are Lita York, St. Albert; (Deputy,
Patricia Coward), Doreen Lam-
oureux of Gibbons, Kanata
Division, and Teresa Mal-
den of Stony Plain for
Yellowhead, and Joyce
Richardson of Westlock for
Pembina Trail Division.
Appointment warrant cer-
tificates were presented to
Marion Brostrom, Mary O'-
Neill and Teresa Malden
during the program.

Legal CWL holds meeting

St. Emiles CWL held their first meeting of the new season on September 21, with 15 members present. The president welcomed the group's new spiritual director, Rev. Father Tellier.

Mary Quaghebeur read a most interesting poem "Where Do You Fit In." Members heard reports given by Madeline Cornelis, Anita Marrior, Mikey Stapleton, and the social com-

mittee. Discussion followed on a proposed baking contest.

The group expressed best wishes to the new CWL council formed at Mallala under the direction of Rev. Father Tangway.

Anyone who has surplus vegetables this season are reminded that the Marian Centre in Edmonton is dependent on the support of generous citizens. A depot will be held at the garage behind the church till Oct. 6 please take your donations there.

A letter from the auxiliary hospital at Westlock was received asking if Legal council would be interested in entertaining the patients.

Next meeting is set for October 19.

A great contradiction in the age we live in is that the stainless steel razor blade and the hippie came into being at about the same time.

The British Post Office has contributed to Northern Ireland's golden jubilee celebrations with this set of three colourful stamps reproducing contemporary paintings by artists from the province. Canadian collectors can buy these mini stamps, and the new decimal definitive stamps for Northern Ireland, through the BPO Philatelic Bureau, Waterloo Place, Edinburgh EH1 1AR.

When a sailor at a Navy swimming class refused to dive from a 30-foot platform, the instructor asked him, "What would you do if you were that high up on a sinking ship?"
"Sir," said the student, "I'd wait for it to sink another 20 feet."

HEY KIDS

Be a Junior Firefighter

Do you know how many serious fire hazards are often found in the home? Do you know how to recognize them? If you do, then YOU can become an OFFICIAL JUNIOR FIREFIGHTER!

Below is a list of six situations you often find in many homes. Read them, and decide if they are or are not fire hazards. Then mark the "yes" or "no" box. Instead of using a check mark, use a little flame! Then clip this ad, and take it to your nearest Fire Hall.

Everyone with a correct entry will receive an official JUNIOR FIREFIGHTERS CARD—signed by the Fire Chief and authorized by the Alberta Fire Commissioner.

Here are the six possible fire hazard situations. We have done the first one for you, to show you just exactly how to mark the boxes.

FIRE PREVENTION WEEK — OCT. 3 to 9

Province of
Alberta
OFFICE OF THE ALBERTA FIRE COMMISSIONER

RON GAUNCE REPLIES:

Let's Keep Our Scene Green

Ron Gaunce confirmed his view that most people move to St. Albert because of the advantages the Town offers, such as lower land costs, an abundance of trees and greenery, a suburbia well planned with Tot Lots throughout, combined with a river valley which is relatively untouched. This small town neighborliness is a hallmark of St. Albert.

This is the view expressed in a continuing interview by Ron Gaunce in his bid to seek election to Town Council. "Obviously, St. Albert's tremendous growth rate necessitates some change and an effective Town Council must make every attempt to plan such changes and, above all, accept the changes which Town growth provides. We want our trees, our greenery and a pollution free river valley," says Mr. Gaunce. "And in light of the pressures to develop new land, to rezone this or that plot of land which is usually for the profit of the developer or speculator and not the Town, I would press for development of our green natural resources and the implementation of a policy which would see the river valley become the spring board for long term development as parkland and a recreational facility."

"Let's face it" says Mr. Gaunce, "our river valley offers a very unique situation in that it is still largely under developed. It is my belief that both the river and Big Lake could be cleaned up to provide fish stocking, while the Town's contribution could be to closing the sewage lagoons and providing more suitable areas for garbage dumping."

viding more suitable areas for garbage dumping."

Mr. Gaunce indicated that he has given considerable time to the studies of the various reports on the Sturgeon Valley and that he fully agrees that the river level could be stabilized and by encouraging utilization of the valley for recreation and parkland, a major contribution to the Town's esthetic growth would be assured.

"As I see it" says Mr. Gaunce "it is time for changing council's attitude towards this development. The river has been polluted for many years now. Development of the valley properties has been better sketched and it is time to organize a complete plan for this development. If we don't do it soon, it will be too late. Consequently, as a Councillor, I would seek every avenue of approach with all the concerned authorities to provide a sound, co-ordinated plan and investigate the availability of grants and other funds from the senior governments."

Commenting on the forthcoming election, Ron Gaunce indicated his willingness to deal with issues as they affect the town, "There is great interest in this election," says Mr. Gaunce, "I have had several telephone calls about a variety of subjects and I certainly invite any comment from all citizens should they wish to phone me at 599-8396."

Next week your reporter will relate Mr. Gaunce's views on the Town Administration and the communication gap between Council and residents.

St. Albert High

Monday, Sept. 12 was Frosh Day at St. Albert High. After gucking (by the infamous guck squad) and inspection on the parking lot, the lucky Frosh were launched into a peanut hunt and then other activities on the field.

Kangaroo court was kicked off in the afternoon by the election of the Frosh queen where Dany Gleason was unanimously applauded into office. The court had the "chamber of horrors" as the theme. Count Dracula, who was presiding, handed out punishments to Frosh, seniors and teachers alike until 3 o'clock. The Students Union believes this was the most successful Frosh in the past few years and they as well as the students are to be congratulated.

The Frosh dance was also very successful. The Southbound Freeway played that evening from 8:30 until 12 midnight.

The grade 10's were welcomed to the high school and everyone enjoyed themselves thoroughly. It was a great deal of fun for all. **PITCH AND SPICE:**

The "People In the Crowd Harmonists" are already on the move -- this time performing in the Town of Vermilion -- on the 23 and 24 of October.

The Juniors -- the

"Splice" -- are joining to share part of the singing load.

HOLIDAY COMMUNITY VOLUNTEERS:

Will soon set into motion their 1971-72 program -- preparing the 1972 summer project to take place in various provinces.

BOYS FOOTBALL:

The grade 9 football has been busy in the last two weeks with their games after school. The grade 10s defeated the grade 9s by 14-7. The grade 10 felt they had really outplayed the juniors but after a game last Monday, Sept. 21 where Father Jan came and were beat 28 - 0 we wonder if the grade 9 just let the grade 10's win?

SR. BOYS VOLLEYBALL:

The team includes Bob Genevoux, Jay Donalds, Simon LaFrance, Ron Martyna, Doug Reinbold, Mike McNeely, Mike O'Neill, Gerald Langevin, Ken Mulesko, and Richard Hauptman this year.

Last Friday at noon the boys played the teachers and had a very close game. The boys came up from a 14 - 11 score to defeat the teachers by two points.

GIRLS VOLLEYBALL:

Quite a number of girls showed for the tryouts but as yet the team for this year has not been chosen. It sure would be a change to

see the girls play some of the women teachers.

CURLING:

The regular square draw curling will start October 6. The games will be played after school Wednesdays, from 4 - 6. The cost is \$10 per student and will entitle them to 20 games. The teams were picked last week and the curlings are looking forward to their first game of the season next week.

The St. Albert School District #3 had their annual Wine and Cheese party on Friday, Sept. 10 at 21 Sable Crescent and "vicinity." The teachers said they ate a lot of cheese. They would not reveal any more of what went on.

(1) You never know how absurd your own opinion is until you hear someone else quoting it.

(1) Anybody who is anxious to mow the lawn is too young to do it.

COFFEE HOUSE:

Anyone interested in helping out in the Coffee House see John Hauptman or Beverly Faryna.

AROUND TOWN:

The Sturgeon General Hospital is looking for local residents interested in providing accommodation for their staff who are invited to get in touch with the Business Manager. (See ad in this issue)

Your Chev/Olds dealer introduces the 1972 Chevrolets and Oldsmobiles.

This is your year for a new car. Be glad. Because here's a wide choice of truly fine cars.

From Chevrolet your choice ranges all the way from the zippy little Vega, the little car that does everything well, to the big Chevy Caprice. Remember, all Big Chevys give you room, plus power steering, power front disc brakes and if you get the V8 engine, automatic transmission. All standard.

Between the little Vega and the big Chevy you get Nova. This is the not-

too-big, not-too-small Chevrolet. The famous-for-dependability Chevrolet

A shade bigger and a touch sportier than Nova is the Chevelle. A mid-size car with a lot of big ideas. Especially in its ride and passenger comfort.

Or is this the year you step up to Oldsmobile?

Cutlass makes it easy. This is the intermediate-size Oldsmobile, with the style, comfort and performance that says Oldsmobile all the way. Cutlass. Puts you in an Oldsmobile

a couple of years sooner.

If the ride's the thing with you, better go Olds Delta 88. Hard to believe it's the lowest-priced big Olds. And it's big all the way. Big in the comfort of its G-Ride system. Big in standard features. Big in the feeling of leadership you get when you're behind the wheel.

Whether you go for a little Vega, a dependable Nova, sporty Chevelle or Cutlass, or a big Impala or Delta 88, you get something extra. It's called value. General Motors value.

OLDSMOBILE
ALWAYS A STEP AHEAD

1972 Chevy Nova Coupe

Delta 88 Royal Hardtop Sedan

See your Chevrolet/Oldsmobile dealer today.

Buckle seat and shoulder belts so an idea you can live with.

Some of the equipment illustrated is optional at extra cost.

The Vimy senior baseball team, who have just completed their first year of play, have done well. The team reached the playoffs and played in the finals of the north central Alberta baseball league. Standing are: Robert Blodreau, Yvon Blodreau, Roger St. Arnaud, Marcel St. Arnaud, Don Borduzak, Paul Provencal. Front row: Darcy Beart, Roger Dechamplain, Leo Seguin, stek boy Richard Provencal, coach and manager Leo Provencal, Peter Provencal.

As I See It

By Rene Maril

The rumble of a strike by the teachers at Thibault schools in Morinville are becoming louder. Since last June two votes have been taken in the ATA of Under High school and high school teachers in Notre Dame and the yellow school in Morinville, involving some 31 teachers and 598 students registered for the present term. Each vote has registered an overwhelming majority favoring a strike.

Yet, when speaking to individual teachers, the majority do not wish to strike. They fear the harm a strike will do to students, especially the high school students who are now on the semester system.

Negotiations have been underway now for almost a year between the teacher's association and the trustee association. Thibault school district #35 of Morinville. Copies of the Collective Agreement as presented by the Thibault school board have been published and are being made available to all taxpayers and interested citizens at the Morinville Town Hall.

As I see it, the best way to handle this serious situation is to invite representatives from both sides to express their views, and then let the informed public evaluate the situation. The local representative for all the teachers is Terry Parsons. Paul Chailfoux, vice principal, represents the high school teachers at the local level. Paul Riopel, has been elected to represent the elementary grade teachers. Matt Tellier, Thibault school board chairman and member of the Regional Economic Bargaining Committee, represents the Alberta Trustee Association at the negotiating table. Both Mr. Parsons and Mr. Tellier have been invited to state their views in this column. Next week Mr. Parsons will put the case for the teachers and the following week Mr. Tellier will express the views of the trustees.

The real concern of all responsible adults and especially parents of junior and high school students, attend-

ing Thibault, is the loss of time for the students and the cost in time negotiating a settlement that has to be made.

Gibbons Council News

The Village of Gibbons council meeting Sept. 8, discussed the merits of putting a meter at the water tower to determine the exact amount of water being used. A submission presented to council for a car wash establishment was reviewed and held over until land has been selected for the business.

A discussion on traffic and parking took place and it was felt that the bylaw governing parking of vehicles on the streets for more than 48 hours should be administered and parking violation tickets given to all offenders.

No correspondence has been received from the Engineers re the sewer extension, the costs of which will determine the type of disposal to be installed.

"I suppose that now you are married you will be taking out some insurance," the agent asked the new husband.

"Oh, no," replied the bridegroom. "I don't think she is a single person."

Mets defeat Angels to top Beaver league

Mets defeated the Angels two games to one in the finals to capture the Beaver Baseball Championship. From left to right, back row: Casey Anderson, Terry Leddy, Lorie Loshak, Eric Bergman, Steven Goodman, Jim Leddy (coach). Front row: Ken Solbrecken, Paul Garrlitt, Garry Leddy, Mark Brodgesell, Darrell Stang.

Five unearned runs in the second inning stood up as the Mets handed the Angels a 7-3 loss in the third and deciding game for the Beaver baseball championship. Winning pitcher Terry Ledy chucked up 11 strikeouts and allowed only six hits while Mike Mitchell took the loss on a day that was more in line for hockey or basketball.

Mets opened the second with Earl Eganew drawing a walk and going to second on a sacrifice by Steve Goodman. Angel's second baseman then proceeded to drop three pop ups in a row and before the Angels could recover, five Mets had crossed the plate. Angels picked up a run in the second and two more in the seventh while the Mets scored in the sixth and seventh.

The game was played under a little dissension as the Mets only showed up with 10 players but managed to convince coach Armand Lacoursiere of the Angels to allow them two picks to field a team. The Angel

coach agreed and as always "nice guys finish last."

Mets won the opening game in the best of three series on Saturday morning with the same two pitchers hooking up in a real pitchers duel as they struck out 20 batters with Mike Mitchell having 15 and allowing only two hits. Terry Ledy gave up only six safes.

Mets opened the scoring in the fourth when Angel catcher Roy Galloway overthrew third base while trying to catch a runner from second attempting to steal. The runner scored when the ball ended up in left field. Mets increased their lead to 3 - 0 on a bases loaded walk, and a balk by Mitchell allowed another run to score. Mets managed to score two on the last inning but could not get the victory as the

The horizontal photos were mounted on the target point at 0.10 - 0.15 mm. Mounting provided position of the test unit's base and a lower

loaded home run in the fourth inning to give the Angels a 14 - 9 lead. Losing pitcher Lorie Loshak had a two run blast in the fourth also.

**MERCULES
PEEWEE SOCCER**

In the opening round of Challenge Cup action in the pee wee division, Rovers shut-out the Lancers 2 - 0 on goals by Ernie Key and Kevin Key. Robert Verhagen was in goal for the shut-out.

Comets entered in Edmonton Central Hockey League

RENE POUILOT
MANAGER

KEN SCHWARTZ
COACH

RENE BRODEUR
SEC. TREAS.

Jake Vaugeois, president of the St. Albert Comets Hockey Club announced last weekend that the club will again play in the Edmonton Central Hockey League which they joined last year.

The league consists of teams from Stony Plain, Sherwood Park, Leduc, Rays Esso, St. Albert and Winterburn which is a new club this year. Three teams from last year have dropped out, Namao, Edmonton Nut and Bolt and Spruce Grove. The latter team will only be absent for one year while they await their new arena.

Comets have also announced a new general manager and coach. Rene Pouliot will fill the general manager's shoes as well as look after the equipment with help from Larry Mitchell. Ken Schwartz takes over the coaching duties from Ron Yano. Star forward Al La-

Comets will play a 25 game schedule with all home games being played in the St. Albert and District Arena on Fridays and Sunday

General manager Rene Pouillot states there will be a number of new faces on the club this year as well as most of the better players from last year's squad.

Comets hope to begin practising about Oct. 14. Anyone interested in trying out for the squad can call Mr. Pouliot at 599-8070 after 6 p.m.

Notice to Hockey Coaches

A hockey coaches clinic sponsored by the St. Albert Parks and Recreation and the Kinsmen Minor Hockey Association will be held October 13 - 14 from 7 to 10:30 p.m. each night.

Father Jan School October 13, and ice instruction will be held in the arena. All coaches are urged to attend and no fee will be charged.

Chairman Fred Calkins is also lining up a referees clinic and dates will be published at an early date.

600 boys register for hockey

The Kinsmen Minor Hockey Association program this year will consist of some 40 teams with over 600 boys participating.

Chairman Fred Calkins advised the Gazette Tuesday that all divisions have been well filled with the exception of the juveniles where only nine boys are registered. In order to field a team, at least 8 to 10 more boys will have to register and all boys in this age group (16 - 18 years) are asked to contact the recreation department at Town Hall.

There will be no Shaver B division this year as all seven and eight year olds will be classified as Shavers.

Shavers, mites and peewee leagues will have about 10 teams each while the bantams will have six and the midgets two.

The two midget teams will play in the Edmonton Rural Midget League with teams from Fort Saskatchewan, Leduc and possibly Ardrossan.

Coaches and helpers are still being sought and anyone interested is asked to call Fred Calkins at 599-6840 after 6 p.m.

Kinsmen Al Perry and Fred Calkins registered some 600 young hockey players for the 1971-72 minor hockey action in St. Albert.

Tena Bannerman wins new trophy in Ladies golf

Despite a dreary, drizzly day 16 ladies teed-off in the Sturgeon Valley Ladies Golf Club Wind-up Tournament on Saturday, Sept. 25. The weather did not dampen the enthusiasm of four gals who came in with their best rounds of the year.

A new trophy donated by the Town of St. Albert was won by Tena Bannerman who finished with a low gross of 106. Second low gross went to Stephanie Donovan with a 114. A three way tie for low net was won by Betty Olesky 115, Edna Bendera

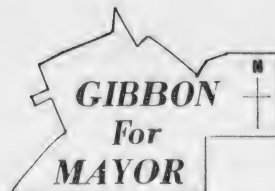

143, Pat Christensen 142. Joanne McGregor was awarded the perseverance prize. Winners of hidden hole #3 low - Louise Hansen, Kay Stadnyk high; #12 Mary Barnes low, Tena Bannerman high; Daphne Anderson, Joanne McGregor.

A ringer trophy was won by Tena Bannerman who had the lowest combined score on the ringer board. A golf towel was won by Ev Grant who showed the most improvement on the ringer board. A golf towel also went to Stephanie Donovan who

was the busiest golfer in our club this year.

The ladies concluded a successful day with supper in the clubhouse. The Mayor Ray Gibbon, was on hand to present the trophy on behalf of the town.

The executive would like to thank the ladies who came out to make the day a success. Special thanks also to Mike Tomash and Ralph Strand at the golf course for their assistance through the summer. The ladies are already making plans for a busy year in 1972 and would welcome any new members.

Minor Soccer finals held for district

The 1971 Challenge Cup Finals for the Edmonton Metropolitan Youth Soccer Association were held a rough blow by the weatherman on Sunday the 19th, but despite rain and cold, the five final games were played in divisions 2, 4, 6, 8 and 10.

League championship presentations were made at two o'clock by Ernie Jamison, MLA for St. Albert, to captains of the winning teams, assisted by Ken Dockstader, EMYSA president, and Brian Lowes,

secretary of the Alberta Minor Soccer Association, who presented each of the members of the winning teams with attractive medals.

Challenge Cup trophies went to Wellington team in Division 10, coached by Larry Donnelly; Lauderdale team won Division 8, coached by Lawrie Grant; Sherbrooke, winners of Division 6, coached by Ron Pierce; Killarney, coached by Lloyd Fellows won Division 4, and

Central Sports Club won Division 2, under coach Brian Lowes.

An additional trophy presentation of considerable interest was the handsome silver cup presented to North West United in junior soccer. This is the highest age group for players under 21, and while the trophy came into existence in 1919, it was back in circulation for the first time this month. There is some debate in

the Canadian Soccer Association with regard to this age group, and Alberta is endeavoring to maintain junior soccer under the Minor Association. Dave Craig coached the North West United team.

The Edmonton Champions will be going into Provincial championships in Calgary on October 3. Winners there go on to Western finals in Edmonton October 9 and 10, in all age groups.

Photographed with team trophies after the presentations September 19 are team captains: (bottom row from left) Lawrence Fraser of Wellington team, Division 10 winner; Dean Beason, Lauderdale team for Div. 8; Brad Potluk of Sherbrooke team, winners Div. 6; Gordie Johnson of Killarney team, winners Div. 4; Bento Raimundo of Central Sports Club, winners Div. 2 and Hector Callista captain of Central Soccer Club of Division 1. In the back row are Moe Taravann, representing Capt. John Jackson of the North West United junior team, Brian Lowes and Ernie Jamison, who made the presentations. Smaller trophies at lower left were for a new age group, tried on an experimental basis this year for boys under eight.

Fish and Game opposes army activity at Suffield

The Alberta Fish and Game strongly supports the stand taken by naturalist groups in Canada against the British army manoeuvres at Suffield.

The Suffield area is a unique ecosystem, much of which has remained isolated since 1940. This is in one of the most arid parts of Alberta, and grass and tree cover is extremely sparse. The area proposed to be used is mainly rolling sand dunes which will rapidly erode under the tracks of the tanks and personnel carriers the army will be using.

The area is ideally suited to a wildlife refuge. It is now a sanctuary for deer, antelope, and many species of birds.

Military reservations such as Cold Lake and Camp Wainwright should be used before some new area is designated for no apparent demonstrated need.

The Defence Department officials' comments that unique ecological areas such as breeding grounds for endangered species and archaeological sites will be excluded from the Suffield area are also worthy of consideration.

"We encourage those who are concerned about the area, and who are allowed to enter, so who can prove them right or wrong."

The Alberta Fish and Game Association asks that no further manoeuvres be carried out and that the federal government investigate turning the area into the long-proposed grandiose national park and wildlife refuge.

Separate School Board

Mother's Day Out program re-opens

The Mother's Day Out program will be re-opening its doors on Thursday, Oct. 7 and will be continuing every Thursday thereafter.

Hours will be 9:15 a.m. to 3:15 p.m. with a charge per child per day up to a maximum. This covers the full day, including lunch, and all supplies for crafts.

We would re-emphasize that this program is made possible only by the use of volunteers and would request that anyone interested

please contact Mrs. D. Proctor at 599-5159.

This year, in addition to our full-time volunteer staff, we are hoping to obtain the services of those who have a musical or craft talent and could donate an hour or two of their time to the children.

Reservations will again be necessary and should be made by the Monday previous to the day you wish to utilize the services. These will be accepted at 599-8952

ST. ALBERT RECREATION HI — LITES

BASKETBALL:

Basketball programs for boys and girls (12 - 16) will be sponsored by the Hercules Sports Association. The gymnasium at Vital Grandin School has been reserved on Tuesday and Thursday evenings and practices will start the second week in October. Watch for a further announcement.

SWEDISH GYM:

The first classes of Swedish Gym were scheduled to start in Leo Nickerson School on Wednesday, Sep. 29. Girls (6-8 years) should attend at 6:30 p.m., girls (over 8) at 7:15 p.m., and ladies at 8 p.m. For information, please phone Mrs. Phillips, local secretary of the YMCA.

ARTS AND CRAFTS:

There are openings in a few of the classes sponsored by the Arts and Crafts Guild. Information about them can be obtained by phoning Mrs. K. Grant at 599-8524 or the department of recreation at 599-6601.

SPORTS CLUB:

The St. Albert Sports Club will hold their first meeting in a few weeks. This group of adults - both young and old - meets every Thursday in Father Jan school from 8 - 10 p.m., plays volleyball and aims at having fun - as well as keeping fit.

Newcomers to St. Albert would find this an excellent way of getting to know their fellow St. Albertans. For information about this club, phone BHI Siemens at 599-8223.

LOST AND FOUND:

Articles of clothing, towels, etc. lost and found at the pool are at present in the office of the Department of Parks and Recreation at the Town Hall. They will be disposed of if not claimed within the next week.

Y NEIGHBOURS:

The YMCA, sponsors of the "Y Neighbours" who meet each Monday morning at 9:30 a.m. in the Community Hall, regret very much that there is now a full quota of children involved in the program and no more mothers with children can be accepted.

There are, however, openings for ladies unaccompanied by children. They can enjoy an hour's keep-fit followed by a varied program of crafts, speakers, etc. Further information can be obtained by phoning the YMCA at 422-8176, extension 25.

SHAPE UP:

Ladies, waken up and shape up in time for Christmas! An eight-week get and keep trim course, sponsored

by the YMCA will start on Monday, October 18 in Father Jan School, Mission Ave. The classes will be held each Monday from 8 - 9:30 p.m. and the fee will be \$6. Registrations will be taken on the first evening.

SKATING:

Registration day for learn-to-skate, figure skating and power skating classes, sponsored by the St. Albert Figure Skating Club will be October 2 when registrations will be accepted at Leo Nickerson School from 10 a.m. - 12 noon. Forms will be distributed through the courtesy of the schools and should be returned on October 2. They are also available at the Department of Recreation in the Town Hall.

The times of the classes are as follows: learn-to-skate - Wednesdays, between the hours of 3:45 and 4:45 p.m.; power skating - Wednesdays between 4:45 and 6:45 p.m.; figure skating - beginners, preliminary and bronze-Thursdays between 4 and 6 p.m. and silver, gold and first test (CFSA) - Mondays between 4 and 5 p.m. Dance lessons

are also being offered on Mondays between 5 and 6 p.m.

Information about fees and practices are included in the registration forms and each course lasts for 12 weeks.

BADMINTON:

Everyone interested in playing badminton is invited to attend the first night of play in Vital Grandin School on Monday, October 4 at 7:30 p.m. There will be a brief discussion about possible changes in the structure of the club which may be necessary because of the anticipated increased membership. In recent years, memberships have outgrown the facilities! It is hoped that this year anyone wishing to play will get a chance to do so, whether competitively or just for fun.

Additional information about the St. Albert Badminton Club is contained elsewhere in this issue.

U of A professor to address local nurses

The local Chapter of the AARN are looking forward to an informative talk by Miss M. A. Bestwetherick

Fire at Drive-in

Firemen were called to the St. Albert Drive-In last Wednesday afternoon, when fire broke out in a storage room.

Fire Chief Fred Tetarenko said the blaze was spotted by the caretaker when he checked the storage area where paper and cardboard food containers are kept.

The fire, cause of which is as yet undetermined, did only light damage and it was business as usual.

"It would have been a real severe fire, had it not been discovered so quickly," Mr. Tetarenko said.

on "Current Concerns in Nursing Education."

This will be followed by an open discussion when members may present their particular problems to the guest speaker.

Miss Bestwetherick is a graduate from the Vancouver General Hospital. She received her Bachelor of Nursing and Masters in Science applied from McGill University and has been assistant professor in nursing education at the University of Alberta for the past two years.

All nurses, active or in-

active, are invited to attend the meeting on Wednesday, October 6.

Grandin Flowers expands to give better service

Walking into the newly expanded Grandin Flowers Shop is like stepping into spring. Attractively displayed are plants and flowers of all variety, both live and intriguing "they-look-so-real" artificial flowers. Very popular just now are the dried arrangements, bursting with colors . . . radiant reds and autumn golds, featuring interesting grasses and foliage. These range in price from \$5 and up. A fine selection of green tropical plants are priced from 50 cents to \$2.50.

Audrey Penny, owner of Grandin Flowers, has been a florist for more than 20 years. "I love flowers, I love to help people choose them and I love arranging them," she says. Mrs. Penny will arrange floral fashions in the customers' own favorite vase or she will supply an attractive container. For customers who prefer to do their own arrangements, Grandin Flowers offers a fine selection of cut flowers.

There are roses, carnations and a wide assortment of mums in many colors . . . including the giant mums at \$1 each. "Just three of these in a simple vase would make a very effective arrangement," Mrs. Penny comments. "And with care, our mums last up to three weeks."

And while she is on the subject, Audrey Penny passes along a helpful hint to help make those precious blooms last longer. "As soon as you take cut flowers out of the box, the stems should be cut and the flowers put in HOT water," she says. "As hot as the hand can stand. This helps prevent 'drooping heads.'" When preservative is added to the water, it should not be changed, Mrs. Penny points out. When no preservative is used, water should be changed regularly and the stems rinsed off.

Grandin Flowers is pleased to assist with all wedding flowers, including altar arrangements, corsages, bouquets and table flowers. Mrs. Penny will also offer advice on tastefully arranged sympathy flowers.

While she keeps a good assortment of flowers on hand at all times, Audrey Penny advises people to order flowers for special occasions in advance. "A fellow just can't walk in at 5 p.m. on a Saturday and expect to find an orchid in a certain shade," she says. Christmas flowers, too, should be ordered well in advance to avoid disappointment.

Audrey Penny gets her flowers in fresh daily from such places as Medicine Hat, Vancouver, Oregon, California, Colorado and Florida. She is a member of FTD, and is able to send flowers anywhere in the world, with the exception of the Iron Curtain countries. Grandin Flowers delivers daily in St. Albert and Edmonton. For Thanksgiving, Grandin Flowers offers a lovely arrangement of mums, carnations and fall foliage at a special price.

Audrey Penny, of Grandin Flowers, arranges an attractive display of permanent mums.

Now that Grandin Flowers has expanded, Mrs. Penny has doubled her display area and will be able to offer weekend specials. "We plan to have roses at three for \$1 on weekends, and carnations, too, whenever they are available." She feels that every home should have flowers and hopes that with her "pocket money specials" many homemakers will be able to afford a bouquet on a regular basis. "We think our weekly special will

be popular with the husbands," she smiles.

For her expansion special, Mrs. Penny is offering free Vanda orchids to the first 100 adults to visit her shop on Thursday, and roses and carnations are priced at three for \$1.00.

Grandin Flowers is open from 9 - 6, Monday through Saturday. The shop is located in the Shoppers Park, the phone number is 599-3840.

gram is to be continued during the current school year.

The teachers of the district will participate in a Social Studies Institute, to be held on Friday, November 12. Schools will be closed that day.

John Kaminski spoke to the board on behalf of the St. Albert Lions Club who requested continued assistance for the hand fund. Trustees agreed to donate the sum of \$300 to this fund.

Mr. Johnston and Mr. Kupsch of St. Albert High reported on the work experience program. This pro-

Public School Briefs

Reporting to the Sept. 13 meeting of the St. Albert public school board, district superintendent Vince Maloney advised trustees the student enrolment in the system to date totalled 1,820 pupils; 980 elementary students, 293 at the junior high school and 547 high school students.

AROUND TOWN

The Chamber of Commerce will host a forum for the candidates seeking office as mayor or councillor for the Town of St. Albert on Monday evening, October 11 at the Club Macomb, preceding the October 13th election.

There are still a few uncollected dollars floating around from the Lions like-a-thon. Deposits can be made at the Bank of Montreal.

Goings on at Paul Kane

By Holly Hill

Many persons around St. Albert have made what I find to be, disconcerting remarks about Paul Kane not having windows.

I would like to inform those people that this is a misconception as PK does have windows. It has windows in the outside doors, the hallway doors, the teacher's work room, the offices, and yes we even have windows in some classrooms.

For those classrooms in the middle of the school we have sky lights. In those rooms we don't have to look outside to tell if it is raining as some of the more fortunate students have rain dripping down on their desks, books and even their heads.

So you can see we're not complaining about not having lots of windows at PK. We don't feel deprived we feel privileged not to have to look at the miserable depressing weather.

STUDENTS EXCHANGE:

PK's members of this year's student exchange went up to St. Albert for a finance meeting last Friday. Thanks goes out from all of us to Aunty Fran and Uncle Bob. We all hope to see them again sometime soon.

GRADE REPS:

The following grade reps are in by acclamation: Grade 11, Laura Wright, Karen Tupper, Cynthia Pachal and Don Isert; Grade 12: John Dolman, Jackie Kafelot, Rena Taylor, Bob Varner, Debbie Pachal, Debbie Johnson, Holly Hill. There are no grade 10 reps.

Elections were held at Paul Kane with Lyall Thompson being elected as president; Bob Baker, vice president; Dino McLaughlin, treasurer; Janice Schlinkinger, secretary; Dixie Heeve, social convener; Shawn Nuttall, girl's sports rep and Wayne Dent, boy's sports rep.

There were seven grade 10 reps elected, the five grade 11 reps and seven grade 12 reps were in by acclamation.

BOWLING:

Paul Kane has started a weekly bowling league. All interested students should bring a dollar on Thursdays and meet at the bowling alley at 4 p.m.

CURLING:

A meeting was held last Friday for all those girls interested in joining the curling league, sponsored by the St. Albert Women's Curling League. Janice Hoo-

sier reports that there are 40 girls registered in this league, including those girls from Paul Kane.

VOLLEYBALL:

A temporary list of girls on this year's volleyball team was posted on Monday. Final cuts were made after Tuesday's practice. This year's team will have a first and second string as well as three extra girls.

Pre-natal classes to begin in St. Albert

Sturgeon General Hospital and Sturgeon Health Unit have arranged to conduct a series of six pre-natal classes this fall. The classes will be held every Monday evening from 7 - 9 p.m. in the physiotherapy room at the hospital beginning Oct. 18. It is suggested that the expectant mother not attend until after the third month of pregnancy. Husbands are welcome to attend all classes. New classes will be enrolled in January and May.

The purpose of pre-natal

Around Sturgeon

Doreen Lamoureux of Gibbons, Guide Commissioner for the Kanata Division in the new Tamarac Area attended the weekend training session held in St. Albert, one of 36 commissioners present for the program.

The Gibbons Sunday School Circle are holding a turkey shoot on Sunday, October 3, at 1 p.m. at the Gibbons Community Centre.

Guild prepares for fall classes

It has been paint-up, clean-up time at the Arts Centre this week as members of the St. Albert Arts and Crafts Guild make ready for their fall session of recreational classes getting underway next week.

More than a ton of clay awatts would-be potters and an extension has been added to the ceramics room. There's also a new gas kiln on the way to relieve the work load of the Guild's two existing electric kilns.

While many of the 25 classes offered have already been filled there's still openings in some of the courses and registrations will still be accepted for the following:

Adventures in story and drama for children 5 to 9 years held Wednesdays from 4 to 5:30 p.m. at the Clubhouse (next to the swimming pool).

Boys' woodworking, 9 years and over, Saturdays from 3 to 4:30 p.m. at the Clubhouse.

Multicrafts (a program of varied crafts) for children aged 6 to 9 years, Saturdays from 9 to 10:30 a.m., at the Clubhouse and Multicrafts for boys and girls 10 and over, Saturdays from 10:45 to 12:15 p.m. at the Clubhouse.

Teens and adults may still register for knitting and crochet, Mondays from 8 to 9:30 p.m. in the library meeting room; copper enamelling Mondays from 7:30 to 10 p.m. at the Arts Centre and Needlecraft scheduled for Thursdays from 8 to 9:30 p.m. at the library.

Anyone wishing to register or obtain additional information regarding fees etc. should call Karen Grant 599-8524 or the recreation department, Townhall, 599-6601.

LEGAL MOTORS LTD.

Main Street, Legal, Alberta

Rusty Pollard presents Tom White with his Kinsmen golfing trophy.

Kinsmen golf tournament

The Kinsmen annual golf tournament was held September 19 at the Golden West. Due to the blustery weather, the field was limited to eight of St. Albert's hardest Kins golfers who braved the elements for nine water-logged holes. After allowing themselves a few minutes to get dry,

the golfers retired to the home of Barb and Irv Young, where tournament chairman Rusty Pollard presented prizes to the following winners: tournament champion, Tom White, runner up, Barry Welsh. Other winners included Paul Matear, Erling Winkvist, Art McDonald, Bill Hite.

Hockey to start at Airbase

Hockey registrations will be taken at Namao school on Monday, October 4 at 8 p.m. for boys aged 5-18 before December 31, 1971.

If registrations exceed the maximum that can be accommodated, the youngest boys will be dropped. All boys must have an Alberta Health Care number and be a Namao Community League member.

Arrangements were made with the Airbase for the boys

to enter the program by Namao hockey chairman Reg Crozier. Mr. Crozier says Namao hockey is in dire need of volunteers to help with coaching and rink maintenance and would very much appreciate hearing from people willing to assist with the program. He can be reached at 799-5732.

Harvey Ash is in charge of scheduling ice time. He can be contacted at 799-3614

Badminton Club elects officers and plans program

At the annual general meeting of the St. Albert Badminton Club held Monday, April 20, the following state of officers was elected:

President, Frank Carnahan; president elect, Bob Green; secretary, Beryl Harding; treasurer, Sandy Warren; tournament captains, Bernice Parsons and Norm Carruthers.

The question of forming two separate clubs, one competitive and one social, was thoroughly discussed. The general conclusion was to retain a single club, but to arrange for more playing time and more court space, with the provision that the club be divided into a social group and a competitive group at least once a week.

Badminton will begin on Monday, October 4 at 7:30 p.m. in Vital Grandin school. Since Monday, October 11 is Thanksgiving, there will be no badminton on that night. The schedule for the first two weeks is as follows: Oct. 4, 6 and 13 at Vital Grandin school, and Oct. 7 and 14 at Sir George Simpson Junior high school. Watch the Gazette for further information regarding a permanent schedule.

The first novelty doubles tournament will be held Thursday, Oct. 14 at 8 p.m. sharp at Sir George Simpson Junior high. All persons wishing to enter must be there promptly at 8 p.m. - doors open for playing at 7:30 p.m. Instruction will begin on

Wednesday, October 13, at 8 p.m. in Vital Grandin school. There will be a series of six lessons given by professional Dave McCready of the Royal Glenora club. These lessons will be at three levels, beginners, intermediate and advanced. Persons requiring addi-

tional information are asked to phone any member of the above executive.

Why do the supermarkets sell underwear, magazines, stationery, pens, phonograph records, and so forth? It's because so few people can afford groceries.

A PAGE DESIGNED TO INFORM FARM READERS ON CURRENT AGRICULTURAL NEWS AND EVENTS AND TO SERVE AS A FORUM FOR EXPRESSION OF FARMERS' OPINIONS

Precautions needed in storing rape seed

— Issued by the District Agriculturist's office

Farmers whose rapeseed went into storage in less than optimum condition are urged to check the seed regularly from now until freeze-up. Rapeseed which is stored in an off-condition can heat very quickly. Sherman Yelland, cereal and oil seed crops specialist with the Alberta department of agriculture, says that rapeseed which was threshed on a very hot day or that went into the bin with a slightly higher moisture level than that recommended, and rapeseed containing green weeds, weed seeds or a high percentage of fusels is very prone to heating. Appreciable amounts of whole or cracked green grain mixed with rapeseed can also cause storage problems.

Mr. Yelland also points out that even though the rapeseed tests below 10 per cent moisture, wild oats and volunteer cereal grain mixed with the seed may contain over 14 per cent moisture, and that a sufficient amount of this admixture will raise the moisture level in storage to the point where spoilage will occur. This kind of admixture can cause hot spots in the bin. The dry rapeseed runs freely to the bin walls but green seeds and high moisture trash and cereal grain tend to form a high-moisture column under the auger spout. Heating can also occur in rapeseed testing

below the recommended 10.5 per cent moisture level if the seed temperature is above 80°F. when it is put into the bin or granary.

To prevent the concentration of moisture directly under the auger, the Saskatchewan department of agriculture suggests using a cone shaped spreader (pointed end up) suspended 18 inches below the auger spout. The cone can be made by cutting a 36" diameter circular piece of tin and removing a wedge shaped piece measuring 18" along the circumference of the circle. The circle can then be drawn together to form the cone.

Mr. Yelland says that good wooden granaries are preferable to steel granaries for storing rapeseed because they "breathe," allowing the heat in the bin to dissipate. Rapeseed seems to go through a sweating process for several days after it has been combined, and if this heat and moisture are not allowed to escape, there is a risk of heating and moisture pockets. Hence, rapeseed stored in steel bins needs to be watched particularly carefully. Ideally, rapeseed which for some reason was combined with a moisture content slightly above 10.5 per cent should be stored in small (about 1,000 bu.) wooden granaries. It should be checked about every two days and transferred into another bin if heating does occur. Regardless of the

type of storage used, the auger opening should be left open for several days before the granaries have been filled to allow the initial heat and moisture to escape.

When filling a granary or bin, it is important to use a slow auger speed and to keep the auger full so that the seed does not get cracked, Mr. Yelland says. Cracked seed is more susceptible to fungus diseases and there is also a possibility of oil loss.

Commercial hot air dryers may be used for drying rapeseed, but they must be modified and carefully regulated to avoid serious deterioration in the rapeseed quality, particularly when it is to be used for seed. Fine screening will probably have to be installed so that the small seeds do not pass through the drying bin. Mr. Yelland says the drying capacity in bushels per hour will be substantially lower for rapeseed than for wheat because the resistance to the air flow is greater. The air temperature must be lower than for wheat to avoid damaging the seed. To protect the germination of rapeseed intended for planting, the air temperature must not exceed 110°F. A higher temperature, depending upon the type of dryer, can be used for commercial rapeseed. As a general rule, the air temperature should not exceed 130°F. It is essential that the rapeseed be cooled to below 60°F. immediately after it has been dried.

Program available on cattle records

This program facilitates records with regard to the individual cow production in terms of calf weight. The records, when computerized, reveal the comparative producing abilities of a herd.

Calves are weighed each fall and spring and the information is computerized for the farmer's files. Facilities, including weighing, are available for those wishing to participate in the ROP program.

Anyone interested in this program is asked to contact the District Agriculturist at 256-3351 as soon as possible so that a weighing schedule can be arranged.

Farm accounting

A farm accounting correspondence course is available this year from the Olds Agricultural College for farmers interested in farm and business accounting. Twelve lessons are offered, and these cover the essential accounting concepts. The time for registration and enrollment is on or after Sept. 15, 1971. Registration fees are \$25. For more information, contact Wallace Klatt, district agriculturist, at Morinville.

Established standard for rangeland

The Lethbridge Research Station indicates in their Weekly Newsletter dated August 15, 1971 that standards have been established to describe the amount of grazing use a range has had. These standards serve as a guide to range condition. They are based on the amount of carryover and are:

UNUSED - No grazing allowed.

SLIGHT USE - Only choice plants near water or shade are grazed.

MODERATE USE - Grazing evident on readily accessible range. Little or no use of unpalatable forage plants.

FULL USE - Grazing evident on all accessible range. About one-half the current year's growth of grass used. Overuse evident around water holes and near salt licks.

CLOSE USE - All range used with large areas closely cropped. Livestock forced to use poor and unpalatable forage species.

SEVERE USE - Best forage plants completely used. Poor forage plants carrying the livestock load.

Treatment for cattle grubs

Cattle grubs are easily controlled by treating the cattle in the autumn with any one of three systemic insecticides, Co-Ral, Neguvon, or Ruclene. In Canada, November 30 is the deadline for treating cattle with Neguvon or Ruclene. But, for treatment of cattle in southern Alberta south of Highway No. 1, we recommend an earlier deadline of October 30. The purpose of the deadline is to avoid killing the warble larvae in the esophagus of the treatate, which results in acute esophagitis. The larvae reach the esophagus of the cattle earlier in southern Alberta than in other parts of the country and, hence, the earlier deadline. There is no deadline for treatment with Co-Ral, although treatments early in the autumn, preferably after the first frost, are recommended. Co-Ral sprays can be used as early as August for the systemic control of cattle grubs. Treatment with Co-Ral in August completely eliminates the risk of side effects and also protects

cattle from horn flies.

Information obtained from the Lethbridge Research Station Weekly Newsletter dated September 1st.

-- Issued by the District Agriculturist's Office.

Nitrates in feed

High nitrate levels being found in some legumes, grasses, hays and pastures. Although these feeds are mostly the same as last year with regard to nitrate, a few are significantly higher.

Nitrate levels are considered toxic at 1.5 per cent and are potentially toxic at .5 per cent.

An analysis of the feed is required to determine the nitrate level. This can be obtained at the provincial laboratory for a small fee.

Contact Wallace Klatt, district agriculturist, Morinville for forms, fees and more information.

"Royal" taking seed samples

The "Royal" in Toronto will be exhibiting samples of all kinds of seeds again this year. Anyone interested in entering sample(s) at the "Royal" are to contact Wallace Klatt, district agriculturist at Morinville.

Soil samples for testing

Soil samples for testing and analysis should be taken this fall. The best month, of course, is in October. For more information, boxes, bags, instructions, etc. contact Wallace Klatt, district agriculturist, at Morinville.

-- Issued by the District Agriculturist's Office.

"Egg ideas" aid budget

By Pat Prymak

District Home Economist

Eggs are plentiful and inexpensive so why not take advantage of the bargain prices and feature them as a luncheon, supper or dinner main course? I have some interesting suggestions from the Poultry Products Institute for dressing up the ever-popular scrambled eggs which you might like to let down. At under 10 cents for a serving of two grade A large eggs one can't afford not to add the food budget by trying one of these combinations.

1. Stir thin slices of pepperoni or other spicy small dry sausage into scrambled eggs just before removing them from the pan. Serve garnished with sweet pickle and a slice or wedge of tomato and lettuce.

2. Season scrambled eggs with a little curry powder and serve with chutney.

3. Add small cubes of process cheese or other quick melting cheese to eggs just before they are set. Cheese cubes will soften

but not melt completely and add a different flavour and texture.

4. A final suggestion is to add crumbled cooked bacon, or chopped cooked ham and a few sauteed sliced mushrooms. Serve in tart shells for a change and add a crisp salad to the plate.

One of these combinations should appeal to your family and with a colorful vegetable or two it will make a satisfying, filling and inexpensive meal.

Any one of these scrambled egg suggestions is excellent for the two-some or live-alone also. They are simple to prepare and easily adapted, unlike many dishes, to dinner for one or any number.

"EGG IN THE HOLE"

CHEESE SANDWICH

Have you ever served "Egg-in-a-Hole Cheese Sandwich"? It is easy, attractive and just right for luncheon or supper with a crisp salad or with a beverage and pickles for the card foursome snack. It is a Poultry Products Institute

recipe that has been not only husband approved, but ok'd by the "teens" and "in-betweens" as well. For each sandwich allow two slices of bread, either grated cheddar or sliced process cheese and an egg. Make the cheese sandwich as usual with the exception that the bread is buttered on the outside instead of the inside. With a two-inch cookie cutter, cut the centre out of the sandwich. Place sandwich and cut circle in moderately hot, lightly buttered frying pan or on a sandwich grill. Break an egg into a saucer and slip the egg into the hole in the sandwich. Cook until sandwich is browned on the bottom. Using a pancake turner, turn sandwich and circle over and continue cooking until egg is done to the desired degree and the sandwich is browned on the underside. Serve with chutney sauce or catsup.
